Unloading the antennas for use at the Visitor Center stations  
(L to R) Barry N1EZH, Roy KB1CYV and Paul KB1MTW

(L to R) Mark KC1ACF, John WD1L  
and John WI1G

Assembling  
the Cushcraft  
R5 at the  
Visitor Center:  
John WI1G,  
Barry N1EZH  
and Roy  
KB1CYV

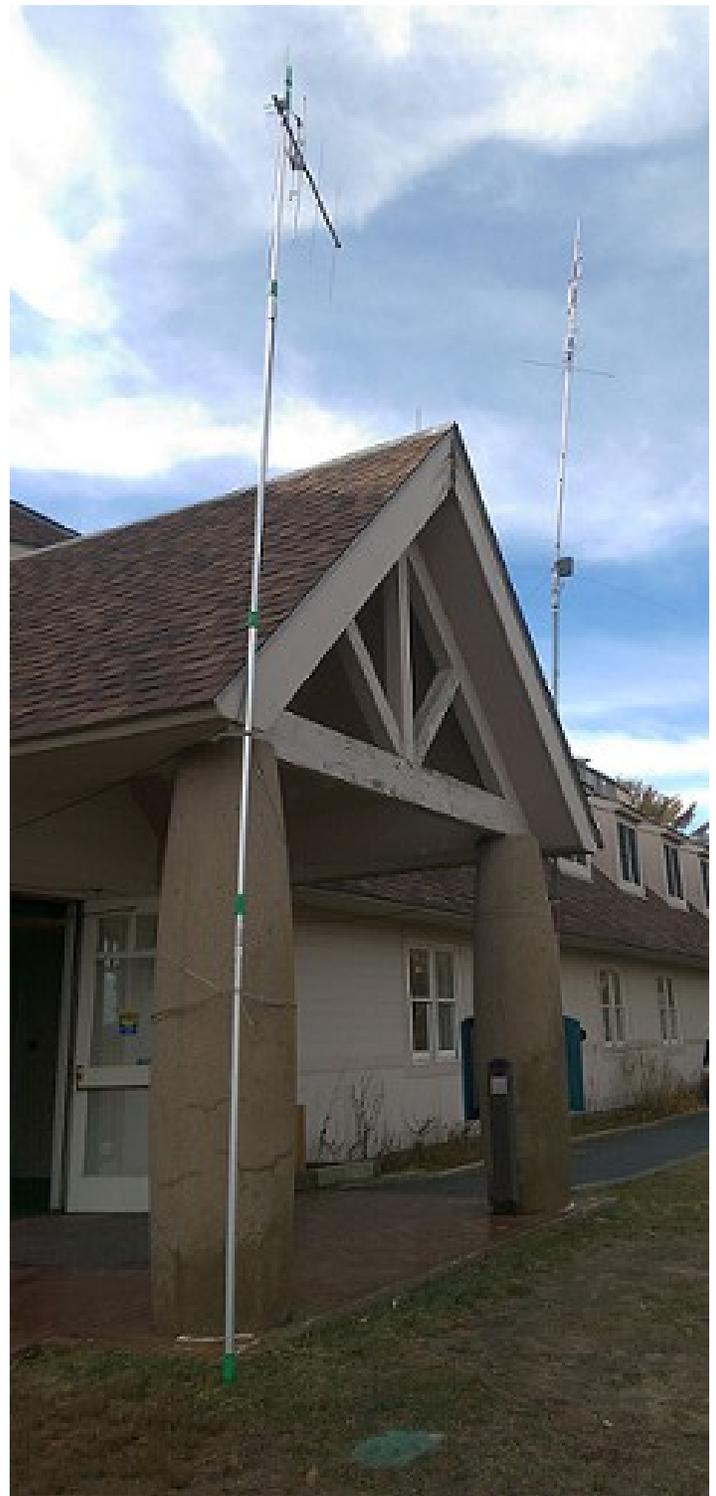

Checking  
coax access to  
the Visitor  
Center:  
Joe K1JMA  
and Larry  
K1LJK while  
the R5 team  
works on the  
installation.

At the back of the Visitor Center, about to raise the R5:  
Roy KB1CYV, Barry N1EZH, John W1IG, Richard AG1B and Paul  
KB1MTW. *Photo by Larry K1LJK*

Above: the team raising the R5.

The 2Meter beam was assembled atop the 30' painters pole and also lashed into place.
